

I am a Marine Corps veteran of 22-years, I then spent 18 years in the Finance/Accounting field, now I am bringing my “can do and Esprit de Corps” attitude to the Real Estate field. My specialties are land, commercial, and residential properties. I can help you buy or sell your home or land in Anderson, Cherokee, Houston Counties.

I received my BSB (Accounting) from the University of Phoenix, I serve in several veteran organizations, and am the Adjutant, Paymaster and Web Sergeant for the Rose City Marine Corps League Detachment.

My wife Missy and I married on the 4th of July in the middle of the pandemic and have started building our own RV park with one dog, two cats, and several chickens. Missy works as an event coordinator in an assisted living community in Palestine.

I love the outdoors, fishing, hunting, hiking, etc. and love to work in my shop and repair things.

As a Retired Marine, I will go the extra mile to sell your home or property or find you the perfect place to live. Let me work for you today!
